## **WaveWare Frequency List**

---

### **WaveWare 2023 Frequency List of FCC Licenses**

The Following Frequencies are only for use with WaveWare Paging Transmitters

These FCC Licenses are Good for use within the USA Only, with Exception of the "Restricted" Areas

-Frequency List for the **5-watt** UHF Paging Transmitters:

**PN= 0512-2253**

- 461.1875
- 462.8375
- 464.4875
- 466.1875
- 467.8625
- 469.4875

**Note:** If you want 2-watts only, the 5-watt Frequencies can be used, but the Same PN and Cost Apply.  
Just state on the Purchase Order, under Part Number Description, you only want the 2-watt Output.

-Frequency List for the **25-watt** UHF Paging Transmitters:

**PN=0512-2255**

- 451.8125
- 456.8125
- 464.5500
- 469.5500

**Notes:**

-These 25-watt Frequencies are Only for 25-watt Transmitters, not for use for 5-watts or less.

-The WaveWare Site Licenses cannot be used within the Restricted Areas along the USA and Canadian Border

---

**For more Information Regarding the Restricted Areas, Requiring Special Site Licenses, Contact WaveWare**
